

Roxana Lucuta

MANAGING DIRECTOR, LINDE HELLAS

"From courtroom to boardroom -
a journey driven by passion, not labels"

Roxana joined Linde in 2017 in the Romanian organization where she had a valuable contribution to the local business, particularly in large on-site projects, M&A integration, and cross-border projects with various countries in EMEA.

In January 2021, she was appointed Head of HR Cluster South East Europe, focusing on diversity and inclusion and successfully implementing talent development programs in the cluster's countries, especially Greece and Romania.

Starting from 1st of October 2023, Roxana took over the role of Managing Director at Linde Hellas where, along with the day-to-day business, she is driving the clean energy agenda of the local organization, underlining its key role as "enabler" of decarbonization on the Greek market.

She is also committed to advancing Linde's own sustainability efforts, with a focus on reducing the company's carbon footprint and waste reduction initiatives (e.g. Zero Waste recognition certificate for Mandra site).
